Good morning Howard,

I hope you're staying well and staying safe!

We've received an urgent request from the building owner at 11446 Califa St, 91601 for LA Sanitation to investigate the entire encampment in front of his building. He has reportedly seen/experienced rodents and fleas in his building that are coming from the encampment.

I believe Tiffany scheduled this for CARE response yesterday, but will have it scheduled for 2x per week from now on.

Constituent Info: Robert Melamed (310-435-5485)

Feel free to let our office know the team's findings upon thorough inspection, or feel free to contact the building owner directly.

Thank you for all of your help!
